FROM THE STACKS

"Fox 8"

by George Saunders

This short story is told through the eyes of a fox. This particular fox learned how to speak and write "Yuman". It's about his life, the drastic changes in his pack, how he believes foxes should learn from humans, and maybe one day foxes can befriend humans. He has a wonderful personality, and by the end of the book, I wanted to be friends with him. George Saunders is the true author of Fox 8, however, I like to think he only "helped" the little fox write this story. The illustrations were brilliant and adorable. I truly felt it was written and illustrated by Fox 8. The characters were loveable, and like any great book, I want more. I want to know what happens next in his life. I recommend this book to anyone who would befriend a fox. -A. H.
